

POSITION VACANT

EWP & Telescopic Handler Mechanic

Location- Smeaton Grange, Sydney NSW

Employer- YG Lifting Solutions

Website- liftingsolutions.com.au

YG Lifting Solutions is a Telehandler and EWP Sales and service company with a wealth of experience in the industry. We have been involved with and continue to supply EWPs & Telehandlers to major prestigious projects around Australia. We are in the process of expanding various aspects of our business which includes an additional experienced EWP & Telescopic Handler Mechanic to join our team at our Smeaton Grange workshop.

If you take pride in quality workmanship and enjoy working on a variety of machines, this is a great opportunity to secure stable, long-term employment with a supportive team.

About the Role

You will be responsible for servicing, diagnosing, repairing, and maintaining telescopic handlers, Elevated work platforms and related lifting equipment in the workshop and yard in Smeaton Grange.

Key Responsibilities

- Servicing and repairs on telescopic handlers and Elevated Work Platforms
- Diagnosing mechanical, hydraulic, and electrical faults
- Preventative maintenance and safety inspections
- Completing job cards and service documentation
- Maintaining a clean and safe work environment

What We're Looking For

- Trade qualification as a Diesel Mechanic
- Experience with Telescopic Handlers, EWPs, Diesel equipment or similar plant equipment
- Have electronics and hydraulics experience
- Strong fault-finding and diagnostic skills
- Ability to work independently and as part of a team
- Current driver's licence
- Strong safety awareness and attention to detail

What We Offer

- Competitive pay based on experience
- Overtime opportunities
- Stable, full-time employment
- Modern workshop and well-maintained equipment
- Supportive team and growing business
